Comprehensive ILAE teaching course with a combination of lectures and expert-led practical sessions

Clare College, Cambridge, UK
4th - 7th April 2018

Bursaries by the ILAE & the BSCN.

Endorsed by EpiCARE (European Reference Network for Rare and Complex Epilepsies)

This is a 3 ½ day residential EEG course with an emphasis on interactive, hands-on experience. The content covers normal maturational aspects, abnormal EEG patterns and graphoelements in neonates and infants as well as the range of seizures and epilepsies encountered in day to day practice in the first two years of life. It consists of lectures and practical workshops during which EEG examples will be reviewed by participants in small groups under the supervision of a faculty tutor.

The course is targeted at pediatric neurologists, clinical neurophysiologists, pediatricians and neonatologist who deal with neonates and infants with seizures or epilepsy. It is limited to 48 participants, so early booking is strongly recommended. Basic EEG knowledge is a requirement for the course and applicants will be selected on the basis of their CVs.

The course is organized under the auspice of the ILAE Diagnostic Methods Commission. A limited number of bursaries are available on request.

EEG in the First Two Years of Life

- from newborn to toddler

Course directors:

- **Dr Ronit Pressler**
Great Ormond Street Hospital for Children, London, UK
- **Dr Monika Eisermann**
Necker Enfants Malades Hospital, Paris, France

Faculty

- Prof Geraldine Boylan, University College Cork, Cork, Ireland
- Dr Stewart Boyd, Great Ormond Street Hospital for Children, London, UK
- Dr Alexandre Datta, Basel Children's Hospital, Basel, Switzerland
- Dr Monika Eisermann, Hôpital Necker Enfants Malades, Paris, France
- Dr Sushma Goyal, Evelina London Children's Hospital, London, UK
- Dr M Angeles Pérez Jiménez, Hospital Infantil Niño Jesús, Barcelona, Spain
- Dr Perrine Plouin, Hôpital Necker Enfants Malades, Paris, France
- Dr Ronit Pressler, Great Ormond Street Hospital, London, UK
- Prof David Rowitch, University of Cambridge, UK
- Dr Nicola Specchio, Ospedale Pediatrico Bambino Gesù, Rome, Italy
- Prof Fabrice Wallois, CHU Amiens, INSERM U1105, France

Programme

Wednesday, 4th April 2018

- 09:00-09:45 Registration
09:45-10:30 A Datta: Technical aspects, challenges, and pitfalls
10:30-11:00 Coffee break
11:00-11:45 F Wallois: Normal EEG in newborns and in infants
11:45-12:30 P Plouin: Abnormal EEG in newborns and infants
12:30-13:30 Lunch
13:30-15:30 Workshop - Normal EEG in Newborn and Infants
15:30-16:00 Coffee break
16:00-18:00 Workshop - Abnormal EEG in Newborn and Infants
19:00-20:30 Dinner

Thursday, 5th April 2018

- 09:00-09:45 S Goyal: Brain injury of prematurity & outcome
09:45-10:30 G Boylan: Hypoxic ischemic encephalopathy
10:30-11:00 Coffee break
11:00-11:45 R Pressler: Neonatal seizures
11:45-12:30 M Eisermann: Early onset epileptic encephalopathies
12:30-13:30 Lunch
13:30-15:30 Workshop - Brain injury and prediction of outcome
15:30-16:00 Coffee break
16:00-18:00 Workshop – Neonatal seizures
Free evening

Friday, 6th April 2018

- 09:00-09:45 Keynote by D Rowitch: Monitoring the brain on NICU
09:45-10:30 M Eisermann: Hypsarrhythmia and epileptic spasms
10:30-11:00 Coffee break
11:00-11:45 S Boyd: Inborn errors of metabolism & genetic disorders
11:45-12:30 N Specchio: Benign epilepsy syndromes in the first 2 y
12:30-13:30 Lunch
13:30-15:30 Workshop - Hypsarrhythmia and epileptic spasms
15:30-16:00 Coffee break
16:00-18:00 Workshop – IEM and benign epilepsy syndromes
19:00-23:00 Gala dinner

Saturday, 7th April 2018

- 09:00-09:45 Mixed cases
09:45-10:30 Mixed cases
10:30-11:00 Coffee break
11:00-11:45 MA Pérez Jiménez: Non-epileptic events in infancy
11:45-13:00 Quiz
13:00-13:30 Lunch

Registration Fee

Early fee	890 €	(until 31.12.2017)
Standard fee	980 €	(from 15.01.2018)

Includes accommodation at Clare College (3 nights), full board (one free evening), Gala dinner on the last evening and access to all the educational activities (lectures, tutorials, case discussions and USB with course material).
