

EPNS supported course in Baku on
The journey from fetal to neonatal neurology medicine
19-20 December 2024

Programme on Fetal and Neonatal Neurology

Day 1: 19th December 2024

Baku Time	Topic	Presentation type	Lead presenter	Facilitator
08:30-09:00	Registration / Coffee in the Main Hall			
09:00-09:10	Welcome		Prof Ayten Mammadbeyli	Prof. Tally Lerman-Sagie Dr Naila Ismayilova
09:10-09:30	Normal development of the fetal brain	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
09:30-10:00	The fetal neurology clinic and the field of fetal neurology	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
10:00-10:45	Principles and practice in fetal & neonatal neurology	Lecture	Prof Ayten Mammadbeyli	Dr Naila Ismayilova
10:45-11:00	Coffee Break			
11:00-11:45	Fetal ventriculomegaly and hydrocephalus	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
11:45-12:30	Post-natal ventriculomegaly and hydrocephalus	Lecture	Dr Naila Ismayilova	Prof. Tally Lerman-Sagie
12:30-13:00	Discussions on normal findings on US/MRI scans	Case presentations	Local presenters	Prof. Ayten Mammadbeyli
13:00-14:00	Lunch break			
14:00-14:45	Fetal corpus callosum anomalies	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
14:45-15:30	Post-natal corpus callosum anomalies	Lecture	Dr Naila Ismayilova	Prof. Tally Lerman-Sagie
15:30-15:45	Coffee Break			
15:45-16:30	Fetal microcephaly/macrocephaly	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
16:30-17:15	Post-natal microcephaly/macrocephaly	Lecture	Dr Nailya Ismayilova	Prof. Tally Lerman-Sagie
17:15-17:30	Closure	Whole group	Prof Ayten Mammadbeyli	Prof Tally Lerman-Sagie Dr Naila Ismayilova

Day 2: 20th December 2024

Baku time	Topic	Type of presentation	Lead lecturer	Facilitator
08:30-09:00	Registration / coffee in the Main Hall			
09:00-09:45	Fetal posterior fossa anomalies	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
09:45-10:30	Post-natal posterior fossa anomalies	Lecture	Dr Naila Ismayilova	Prof. Tally Lerman-Sagie
10:30-10:45	Coffee Break			
10:45-11:15	Discussions on pathologies detected on US/MRI scans	Case presentations	Local presenters	Prof. Ayten Mammadbeyli
11:15-12:00	Fetal intraventricular haemorrhage & periventricular haemorrhagic infarct	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
12:00-12:15	Suggestion for a new classification system	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
12:15-13:00	Post-natal intraventricular haemorrhage & periventricular hemorrhagic infarct	Lecture	Dr Naila Ismayilova	Prof. Tally Lerman-Sagie
13:00-14:00	Lunch break			
14:00-14:30	Non-traumatic injuries of neonatal brain	Lecture	Dr Mursalova Ulkar	Prof. Ayten Mammadbeyli
14:30-15:15	Fetal malformations of cortical development	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
15:15-16:00	Post-natal malformations of cortical development	Lecture	Dr Naila Ismayilova	Prof. Tally Lerman-Sagie
16:00-16:15	Coffe break			
16:15-16:45	Fetal CMV infection	Lecture	Prof. Tally Lerman-Sagie	Dr Naila Ismayilova
16:45-17:15	Post-natal CMV infection	Lecture	Dr Naila Ismayilova	Prof. Tally Lerman-Sagie
17:15-17:30	BPNA distance learning, ICNA, EPNS Educational activities	Lecture	Dr Naila Ismayilova	Prof. Ayten Mammadbeyli
17:00-17:15	Final remarks/ Closure	Whole group	Prof. Ayten Mammadbeyli	Prof. Tally Lerman-Sagie Dr Naila Ismayilova
